Some 580,000 cases of cancer will be diagnosed this year. Only one-third of the patients will probably be saved, against a potential saving of one-half. The American Cancer Society needs funds to continue its efforts to reach those who might have been saved had proper treatment been received in time.

THESE EXCERPTS ARE FROM THE BOOK DOCTRINE & COVENANTS

"Without faith no man pleaseeth God."—"Call upon the nations to repent, both old and young, both bond and free; saying, Prepare yourselves for the great day of the Lord."—"The Lord shall come to recompense unto every man according to the measure which he has measured—to his fellow-man."—"I command thee that thou shalt pray vocally as well as in thy heart; yea, before the world as well as in secret. . . . And thou shalt declare glad tidings."—"All things shall be done by common consent in the church, by much prayer and faith."—"Thou shalt love thy wife with all thy heart, and shall cleave unto her and none else."—"Thou shalt not speak evil of thy neighbor, nor do him any harm."—"Every man shall be made accountable unto me a steward over his own property."—"Strong drinks are not for the belly, but for the washing of your bodies. . . . Tobacco is not for the body, neither for the belly, and is not good for man, but is an herb for bruises. . . . Hot drinks are not for the body or belly. . . . All whole-some herbs God hath ordained for the constitution, nature, and use of man; every herb in the season thereof, and every fruit in the season thereof. . . . Flesh also. . . . I, the Lord, hath ordained for the use of man, with thanksgiving. . . . All grain is ordained for the use of man and of beasts. . . . All Saints who remember to keep and do these sayings, walking in obedience to the commandments, shall receive health in their navel, and marrow to their bones, and shall find wisdom and great treasures of knowledge, even hidden treasures; shall run and not be weary, and shall walk and not faint; and I, the Lord, give unto them a promise that the destroying angel shall pass by them, and they shall not be hurt."—"Let no man break the laws of the law of God, for he that keepeth the laws of God hath no need to break the laws of the land."—"Honest men and wise men should be sought for, diligently, and good men and wise men, ye should observe to uphold; otherwise whoseover is less than these, cometh of evil."—"Seek ye diligently and teach one another words of wisdom; yea, seek ye out of the best books words of wisdom; seek learning even by study, and also by faith." Finally, the Doctrine and Covenants testifies of Jesus Christ; As a Creator; As head of His church; As a living Savior today; And, now, after the many testimonies which have been given to him, this is the testimony, last of all, which we give of him, that HE LIVES; for we saw him; even on the right hand of God; and we heard the voice bearing record that he is the Only Begotten of the Father; that by him, and through him, and of him, the worlds are and were created; and the inhabitants thereof are begotten sons and daughters unto God." The great and beautiful testimony found in the Bible, Book of Mormon and Doctrine and Covenants, found through study to each uphold the other, is that the great God Jehovah is the true and living God; that Jesus Christ is His resurrected son and that men through Jesus might have life eternally with God. God has promised that all men shall hear his voice and has proceeded to speak to men of all continents, and ages and we of this nuclear age can call upon him and expect the same loving response of ages past. Won't you seek a living testimony of Jesus Christ this summer. God Bless You Who Seek Him is our prayer. Regards; Members of the Reorganized Church of Jesus

## Demands In Reverse . . .

It does not take too long a memory to recall Hitler's demands and conquer technique nor the compromises and concessions that permitted the over-running of nations prior to World War II. It requires an even better memory to recall the infiltration of communism into World War II. The time came to call a halt and it was done in Viet Nam.

Whether Viet Nam was the time and place to stand is beside the point now. The United States is uncommitted. Any sign of weakness will simply prolong war and cost more lives.

When the Secretary of State is compelled to spell out nonsense involved in the proposition that this country should stop bombing North Viet Nam without any concrete concessions from North Viet Nam, one cannot help wondering if the lessons of recent history have already been forgotten by those who suggest such course.

Why not tell the North Vietnamese that we would not go to the conference table if they would stop sending troops into South Viet Nam but with no offer on our part to discontinue the bombing. This — in reverse — is what is being asked of the United States.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

April 27, 1944

At a meeting of the Home Extension group officers held in the Potosky Wednesday of last week, Mrs. John Mallinger of Grayling was elected District Chairman for the nine counties, which is a nice compliment to her and to Crawford County. Mrs. Mallinger has been interested and active in Home Extension work for ten years.

Claimed by students and the townspeople to be "one of the best ever" the Junior Class of Grayling High went over their goal with the comedy "Professor, How Could You!" last Wednesday and Thursday evenings. Over 400 witnessed the two performances. Mickey Brady and Barbara Borchers had the leading roles. Other cast members included Faith Nolan, portraying Grandma and Burton Peterson as Grandpa, surprises everyone by picking the winner of the wife derby. Richard Dawson did well in taking the part of a helpful friend of the Professor's and in the third act masquerades as the blond wife of Professor Terry. Joanne Bishaw, Betty Smith and Joyce Wells all were outstanding in their attempts to marry the professor but their schemes did not work. George Schabbe, Jr. portrayed the part of a "tough" wrestler, and Richard McDaniel did a superb job as the butler. Three young children—Buddy Newell, Jermaine Harwood and Sally Bishaw—had minor parts, but performed like veterans. Class adviser Mr. A. E. Misko directed the play, assisted by Mr. Frank L. Bond and Miss Eileen LeFavre. Miss Helen Langlois assisted with the make-up and costuming. Grayling's own little band, the "Rhythm King Trio" composed of Mr. W. E. Kumpula, Mrs. Frank Goss and Mr. Roy Peterson, rendered several selections before the play. The High School Glee Club and Chorus directed by Mrs. Roy Milnes gave several choral selections between the acts.

State trunkline highways in Cheboygan and Otsego counties are now being maintained by the Road Commissions of the two counties, State Highway Commissioner Ziegler announced. Commissioner Ziegler said department engineers had carefully investigated the personnel and equipment and ascertained the two groups are fully capable of maintaining the trunklines in addition to the county roads in their respective counties. Forty-eight counties now maintain state trunklines under contract with the state highway department.

Wakeley, on the South Branch, where he and Mrs. Wakeley are caretakers of the cabin formerly known as Lee's place. Mrs. Wendell Giester and her daughter, Gretchen of Ohio are spending a couple of weeks here at the home of her parents, Mr. and Mrs. William Hunter.

H. B. Dale has opened an electric shop in the building directly back of the Plaza Grill. He is an experienced electrician and for several years had charge of the equipment at the Flooring Mill.

He now wears two gold stars on his campaign ribbon. William is motor machinist mate on a L. S. T. of the Amphibian Forces. He will be senior engineer over a crew of men.

Lewis Stillwagon, who has been barbering in Detroit the past two years, has returned to Grayling and is serving at Tony Gross' shop. He says he is fed up on Detroit. Here everything is peaceful and friendly and the climate ideal, in direct contrast with smelly, disgusting Detroit. "I saw so deer while driving from Lovells to Grayling this morning and the scenery is so beautiful. Life certainly is worth living here."

The angle is now anxiously counting the days for May 1st to make its appearance, when he will resign all business and family cares and start for his favorite brook, in quest of the game fontanals and for a fortnight will surround himself with nature's environments, which none other than the trout stream can yield. . . . where he will wade up and down the rippling stream with the euphonistic click of the reel and swish of the line, the carols of birds, the perfume of the arbutus . . . and commune with the Naiads, and Dryads amid verdure banks of sylvan exquisiteness, thrilled with joy, satiated with hope and anticipation as he tries out the different flies to find the one that will suit their epicurean and fastidious desire. **CEDERBERG OFFERS NEW HOUSING PLAN**  
Washington, D. C. — Congressman Elford A. Cederberg of Michigan today in sponsoring a major new Republican initiative in the housing and urban field. Under the proposal, a Congressionally authorized National Home Ownership Foundation would raise \$2 billion in private funds through the sale of bonds, in order to provide mortgage assistance to lower income Americans unable to afford and obtain conventional mortgage financing. Technical assistance, budget counseling, job training and employment opportunities would be stimulated and provided under the program. More than 70 Republican Congressmen and Senators have joined in co-sponsoring the legislation. 27

The plan is the product of a year's study, based in large measure on successful private pilot projects in St. Louis, Philadelphia, Indianapolis, Gainesville, Florida, Rochester, New York, and several other communities. 27

Congressman Cederberg said, "We have rejected a philosophy that considers the lower income citizen a subject class, suitable only for constant guidance and protection by a benevolent Federal bureaucracy, at taxpayers expense. We firmly believe that the American people will look with favor on a free-enterprise approach which stresses the dignity of the individual, the means of motivating a responsible citizen, and the vital role that must be played by private initiative and the private sector of our economy." 27

The bill has been through countless consultations with experts in the fields of industrial and mortgage banking, housing and urban development, and legislative drafting, he said. It is directed at those earning between \$6000 and \$60000 per year depending upon the area of the country. 27

## Jaycees Plan Junior Champ Track Meet

A visit to the Grayling Athletic Field found the Grayling High Track team practicing with eyes turned toward May 21st when the Grayling Area Jaycees will stage their Junior Champ Track Meet.

Pictured above is a host of Grayling trackmen getting their legs in shape.

Alan Lowe flies through the air as coaches Don Ferguson, Mike Wieland and Jaycee chairman Terry Wyers and Tom Trenary view the flight.

Tony Ellison seems unaware of Terry and Tom holding some Jaycee trophies and awards as he sprints through them.

Mike Corlew and Larry Beery get sharpened up on their hurdles as Chairman Tom and Coach Don and Mike look on.

More of this action will be caught at different schools during the coming month as we move towards JUNIOR CHAMP DAY!!

## R. L. D. S. Activities

The Women's Department of the R.L.D.S. church met Thursday the 20th at the Babbitt home to continue work on their Fall Color Bazaar. A short devotion prepared by Mrs. Roy Newberry opened the meeting at 10 a. m. with Mrs. Bernard Fowler in charge. Mrs. Dan Babbitt prepared and served lunch at noon for fifteen ladies. Mrs. Ted Stephan made a lovely birthday cake in honor of Mrs. Newberry and Mrs. Babbitt as this is the birthday month. This is the last church gathering the Babbitt home will enjoy. Many wonderful services have graced the home since 1928 and many will recall a church school was organized in the home in 1940 which is now the Grayling Branch.

The Department expresses its thanks to Mrs. Bernard Fowler in appreciation of the many inspiring articles of God's work which have been appearing throughout the winter months in the Avalanche.

Plans are now complete for the 1967 Grayling Area Jaycees Junior Champ track and field competition slated for May 21st at the local athletic field. Jaycee president Larry Gust announced Wednesday.

The Jaycee meet features numerous events for contestants between the ages of 9 and 18. Fifty-six trophies and one hundred and twelve second and third place badges will be awarded the top finishers.

Competition is open to all boys from age nine to nineteen and all girls age nine to fifteen who reside in Crawford county or attend one of the Crawford-Ausable schools.

Boys winning in the Intermediate Division, ages 15-16, and Senior Division, ages 17-18, will be given consideration for the Michigan State Jaycee Meet to be held in Waterford on July 22, 1967. Should any of our Senior division youths win at Waterford then they will be taken to Des Moines, Iowa, where all state Senior Division winners will compete in the national meet.

Since the United States Jaycees started Junior Champ in 1962 the momentum has gained each year. The United States Track and Field Federation has joined the movement as a co-sponsor and offers much assistance in which events are used and rules for same. Pepsi-Cola joined the program through national, state and local sponsorship. The Grayling Area lacks a Pepsi distributor but contact is being made with Flint in hopes of receiving assistance. Project co-chairmen, Tom Trenary and Terry Wyers have assured our chapter that with or without this assistance Grayling will have a complete Jr. Champ Meet and winners will go to Waterford regardless of cost to our local chapter.

Any questions regarding Junior Champ may be answered by contacting Terry Wyers, Tom Trenary, Larry Gust or your school's athletic director.

reservation, the Military  
Board has determined that it is im-  
practical and impossible due to  
lack of sufficient funds. However,  
as in the past, the military will con-  
tinue to mark with signs critical  
areas and will consider the marking  
of any specific areas your board  
may request. It should be pointed  
out that our past experiences in  
marking certain areas have been  
both discouraging and unsatisfac-  
tory due to the malicious destruc-  
tion and removal of signs by the  
general public.

In reference to expansion of the  
military reservation, the Military  
Board has no desire, nor can it fore-  
see any future requirements to ex-  
pand the present boundaries of the  
military reservation. The Board  
will continue to consider the ex-  
change of properties belonging to  
private owners located near impact  
or intensified training areas for  
military property located elsewhere  
with the military reservation. Your  
board will be consulted prior to fi-  
nalizing any further expansion or  
exchange of properties.

Consistent with demands of ap-  
propriate training requirements of  
the military units, every effort will  
be made to maintain the military  
reservation in its natural state.

In reference to the one-half mile  
buffer zone of this depth is both  
unnecessary and impractical to  
adopt. However, the board does  
agree to and will require whatever  
practical a minimum buffer zone  
to insure the maintenance of wind  
breaks and beautification along M-  
72, N. Down River Road and 612.

In regards to close liaison with  
Department of Conservation, the  
board feels that the Dept. of Mi-  
litary Affairs has had close coordi-  
nation in the past and will continue  
to stress the importance of this  
close liaison. The Military Board in  
the future will scrutinize any fu-  
ture requests from the Department  
of Conservation for any further  
commercial cuttings of timber on  
this military reservation. The Mi-  
litary Board will consult with your  
board of supervisors prior to ap-  
proval of any cuttings.

Within our capabilities of funding  
equipment and personnel, the mil-  
itary will repair county roads, Lew-  
iston Grade, and Daman Truck  
Trail, used by the military, follow-  
ing the final encampment each  
year.

The Military Board will direct  
that additional emphasis be placed

by military commanders to pre-  
clude any pollution of water re-  
sources within the military reser-  
vation.

As advised by General Schnipke  
at the time of your last board meet-  
ing, the Military Board will con-  
sider any requests from the city of  
Grayling pertaining to convey  
movements and local law enforce-  
ment as it pertains to military per-  
sonnel, if advised of their parking  
restrictions, requirements of as-  
sistance, etc.

I sincerely request that if you  
are made aware of any complaints  
on problems with the military,  
either you or the individual making  
the complaint make immediate  
contact with the Camp Commander.

In order that you may be made  
aware of the instructions and em-  
phasis placed on all commanders  
concerning all the above mentioned  
items, I extend to you, or any  
member of the Board of Supervi-  
sors or any representative of the Board  
may designate to represent them,  
to attend the Pre-Camp Conference  
of the Michigan National Guard to  
be held at Camp Grayling in Build-  
ing 103, on 29 April 1967, at 1:00 p.  
m. I further extend to you or your  
representative the opportunity to  
speak at this combined meeting of  
all commanders on any subject  
you may desire.

Sincerely yours,  
C. C. Simmons, Maj. Gen.

#### Fred Bear Named To Small Business Council

Bernard L. Boutin, Administrator of the Small Business Administration, today announced in Washington the appointment of Frederick B. Bear as a member of the Michigan Small Business Advisory Council.

Mr. Boutin said that Mr. Bear had been selected for council membership in recognition of his knowledge of and interest in small business. As a member of the State Advisory Council, Mr. Bear will participate in meetings at which will be considered the needs of the small businesses within the state.

The Advisory Council serves as a channel of information to various business and commercial interests regarding specific SBA programs as well as an advisory body which keeps the Regional Director informed of current economic conditions within Michigan.

Robert F. Phillips, Regional Director of SBA's Detroit Regional Office, noted that Mr. Bear is President of the Bear Archery Company which is a classic example of small business success having grown from a basement hobby shop to an organization presently employing 280 people. The firm is now one of the largest producers of high quality archery equipment in the country.

A contribution to the American Cancer Society will help support future research.

#### Letters To The Editor

Dear People:

The Grayling Area Jaycees just finished a Get-Out-AND-Vote program. We thought you might like to know just how well we did.

Our program was not a smooth affair, not by a long shot. We decided to have this project just a month before the election so many wrinkles were not straightened out. General Telephone donated two telephone lines for our use on election day and the Crawford AuSable School System allowed us to use the Grayling High School gym as a center of operations. Cornell Agency secured free leaflets for distribution in the community.

Our program was like this: leaflets were put in almost every local business place, most merchants co-operated by putting them on their front door. The day before the election leaflets were placed in every door in the City of Grayling. On these leaflets was printed our message of assistance, free rides and baby sitting. Along with this we phoned well over half the homes in Grayling and reminded them again.

We were rewarded on election day. Fifty less of you showed up to vote than did last year. For this we thank you. You have given us the challenge of making you realize your duty. We have not given up on you so please don't give up on us. Make a mental note in your mind that you will vote next year and if you are not registered that you will do so in time to vote in the next election.

Very truly yours  
The Grayling Area Jaycees
